

# Diana

I can't believe it's been twenty-one years  
Since I made you my wonderful wife  
On July eighteenth in the year eighty-one  
I married the joy of my life.

"How do I love thee?" The ways are so many  
You charmed me with more than your beauty  
You're fun loving and playful, intelligent too  
Our cupid exceeded his duty!

Then God gave us children, two of His best  
They helped make our family complete  
Anna and Daniel are lucky to have  
The best mom one ever could meet.

You like to ride horses, eat chocolate and read  
Your cooking is really quite nifty  
Your kindness and service to others shines through  
And you know how to save 'cuz you're thrifty.

Although you're allergic, you still have a love  
For creatures both feathered and furry  
A Muppet fan too, you like "Animal" best  
No sneezing, no wheezing, no worries.

You home school our children with patience and love  
And tutor the kids in the 'hood  
Your smile is as bright as the candles you burn  
You're my sweet little engine that could!

Diana, my "Tigger", my very best friend  
These twenty-one years have been awesome  
I enjoy being with you more and more every day  
Our love just continues to blossom.

May we have many more years of marital bliss  
May our children stay close to their mother  
Happy Anniversary, I love you immensely  
May we always be there for each other!
