

## Henry's Request

On this, my very last day here  
I'm sad to be departing  
Just when I think I've learned this job  
A new job I am starting!

Henry, Daniel, Susan, Keith:  
Those interviews were grueling  
Could you tell each time I left  
That inside I was drooling?

Jen taught me much, although, I feared  
Much less than she took with her  
I really had big shoes to fill –  
I was sometimes in a dither

I tried to not bug Sean too much  
(Boy Sean, I must be clear)  
I thought I saw him tensing up  
When he sensed me drawing near.

Joann made me feel at home  
She always had a smile  
Even when my DF forms  
Made more for her to file.

I felt much better when I learned  
That Karen would replace me  
She's learned much quicker than I did  
I hope she won't disgrace me!

Shawn, she kept me snickering  
With her songs and funny voices  
And I hope Renee's not mad at me  
Because now she does invoices.

Poor Gene, he rued the day he left  
Those Plate Forms in my care  
Though I've heard Philip pound his phone  
His patient ways are rare.

Ashley, thank you for the beads  
I'll miss Kaye's friendly face  
LaTrelle and Kristin, much success  
I'm sure you'll like the place.

Thank you, Daniel, for the chance  
To see if I could do it  
I would've learned that Excel file  
But just never got 'round to it.

I wish you all the best of luck  
I never will forget  
The people that I've come to know  
Right here at InterNET...
